Restoration of the Hemagiri Anicut and Improvement and Extension of the Channel.

No. R. 2754-7—L. R. 506-13-12, DATED 12TH SEPTEMBER 1917.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. R. 5434-6—Mis. 39-00-46, dated 22nd December 1904, sanctioning the construction of a new anicut across the Hemavati river near Hemagiri in the Krishnarajpete Taluk.

2. Government Order No. R. 4706-9—L. R. 143-09-6, dated 16th February 1911, passing orders regarding the recovery of contribution from the holders of Devamba Agrahar inam villages, the raiyats holding lands therein and the inamdars of Hariharpur, Lakshmipur and Bommenahalli villages in the Krishnarajpete Taluk, towards the cost of the construction of the Hemagiri anicut and the improvement and the extension of the Hemagiri channel.

3. Correspondence ending with the Revenue Commissioner's letter No. 8944, dated 16th January 1914, submitting letters from the Deputy Commissioner of Mysore and the Special Land Acquisition Officer urging a re-consideration of the orders in the Proceedings dated 16th February 1911 read above.

4. Extract from note dated 27th October 1913 by the Secretary to Government, Public Works Department, stating that there is some inconsistency in the Government Order of 16th Februray 1911, in regard to the recovery of contribution and water-rate from the Devamba Agrahar inamdars.

5. Report from the Revenue Commissioner No. A. C. 296-3, dated 22nd July 1916, on the action taken to recover proportionate cost of the restoration of the anicut due from the inamdars of Lakshmipur and Bommenahalli villages.

6. Report from the Revenue Commissioner No. A. C. 296-1, dated 19th July 1916 in the matter of the adjustment of the cost of restoration of the Hemagiri anicut and the maintenance of the channel, forwarding a letter from the Deputy Commissioner on the subject.

7. Note from the Superintending Engineer, Cauvery Reservoir Works, submitting information as to the cost of re-constructing the anicut and improving and extending the channel.

Order No. R. 2754-7—L. R. 506-13-12, dated 12th September 1917.

Government in their Order No. R. 5434-6 – Mis. 39-00-46, dated the 22nd December 1904, sanctioned an estimate for Rs. 97,000 for the construction of a new masonry anicut over the Hemavati river and calculating the amounts recoverable from the raiyats of the inam villages benefited by the work at the rate of a contribution of Rs. 17-8-0 per acre of wet lands and Rs. 35 per acre of dry lands, they stated that as a sum of Rs. 49,000 is likely to be collected by such means, the balance of Rs. 48,000 was to be granted by Government as a loan at 4 per cent interest to be recovered from the revenue of Maddikayachamanahalli village, then under the management of Government, on the ground that the net income of that village has been utilized in the past for the sole purpose of keeping the dam and the channel in proper order. Several petitions were received from the inamdars of the Devamba Agrahara protesting against the apportionment of the cost as specified in the Government Order of 1904, and after an elaborate discussion of the several contentions then raised, the Government passed proceedings in their Order dated 16th February 1911, over-ruling the objections of the inamdars and laying down as follows :—

(i) the cost of maintaining the anicut and channel has to be apportioned between the several inamdars concerned and Government in proportion to the extent of the lands respectively belonging to each thereby irrigated ;

(ii) the contention of the inamdars that the anicut belongs to them is unfounded ;

(iii) the order of 1904 regarding the apportionment of the cost of restoring the anicut should be modified in so far as the inamdars of Lakshmipur, Bommenahalli and Hariharpur are concerned;

(iv) the rate of contribution then fixed on the basis of the agreements executed by the raiyats should apply not only to the restoration work but also to the improvement of the channel necessary to increase its safety and facilitate the proper distribution of water; and

(v) further, although the cost of the restoration is much less than the original estimate, the total cost of the work of both restoration and improvement of the channel will exceed the amount of Rs. 97,000 as originally estimated and that therefore, the rate of contribution cannot be reduced.

2. It was finally ordered that in the case of Devamba Agrahar inamdars, the amounts recoverable from them should be treated as a loan to be debited to the revenue of the Maddikayachamanahalli village and in the case of the Bommenahalli, Lakshmipur and Hariharpur inamdars, the mode of recovery was to be separately considered after the Deputy Commissioner's report as to the exact amount leviable from them is received.

3. The Deputy Commissioner of Mysore in pursuance of the Order of 1911, submitted an exhaustive report on the 12th February 1913, specifying the amounts recoverable from the ten inam villages and apportioning the cost of the restoration of the anicut, *viz.*, Rs. 64,891 in accordance with the instructions of Government as per list annexed to the report, which shows that Rs. 35,764-14-0 were to be debited to the inamdars and Government according to the area benefited and Rs. 29,126-2-0 were to be recovered from the raiyats. On the strength of this report, Government in their proceedings dated 6th September 1913, ratified the apportionment and sanctioned a temporary staff consisting of a patel, a shanbhog and a gumasta for a period of two years to attend to the collection of contribution due.

4. The correspondence referred to in items 3 and 4 of the papers read above raises the question of certain inconsistencies brought to notice by the Special Land Acquisition Officer in his communication, dated 28th July 1913, in which it was urged that as the anicut was declared as Government property, it was inconsistent to saddle the inamdars with any portion of the cost of its restoration and further as the water-rate and contribution due to the extension of the channel drawn from the anicut should only go to Government, paragraph 10 of the order of 1911 which makes over this income to the inamdars requires re-consideration. The note of the Public Works Department also urges that the orders issued by the Government on the subject are conflicting, as the inamdars' right to the anicut and the channels has already been rejected and as such they are not entitled to any water-rate which appears to have been foregone in their favour in the Government Proceedings quoted above.

5. The points for the consideration and orders of Government at present are:—

(i) Whether the apportionment of the cost of restoring the anicut and the improvement of the channel, ordered in Government Order, dated 16th February 1911, requires any modification;

(ii) Whether the water-rate on inam lands converted into wet in the Maddikayachamanahalli village should be finally surrendered in favour of Devamba Inamdars; and

(iii) Whether the *muchalikas* obtained by the Special Land Acquisition Officer from landholders affected by the extension of the channel in accordance with Government Order No. R. 2858-61—L. R. 295-13-2, dated 27th September 1913, should be enforced.

6. The determination of the second question will answer the first and the Government will now consider the question of water-rate before deciding the points raised regarding apportionment.

7. The Government Orders of December 1904 and February 1911, have no doubt by implication announced the intention of Government to forego the water-rate on lands newly converted into wet, chiefly in consideration of the fact that

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Memo No. 4175, dated the 11th May 1920, from the First Assistant to the Honourable the Resident in Mysore, forwarding for remarks the following letter No. E 124-1, dated the 19th April 1920, from the Registrar-General of Births, Deaths and Marriages, Madras, to the First Assistant to the Honourable the Resident in Mysore.

I have the honour to enclose copy of a letter dated the 9th March 1920, received from the Rev. D. A. Rees, Marriage Registrar, Bangalore City, in which he requests that he may be given some allowance to meet the expenditure which he now incurs out of his own pocket on postage and stationery for the transmission of marriage certificates. In this Presidency, under instructions issued by the Government of Madras (G. O 930 Public, 5th December 1905) expenditure incurred by Marriage Registrars who are *not* Government officials *in excess* of the fees which they collect is recouped by them as soon as it is incurred, or once a month by the submission to the treasury of bills countersigned by the District Magistrate. I have the honour to request that you will be so good as to inform me whether a similar procedure cannot be adopted by Marriage-Registrars in the Mysore State and if this course is feasible, I request that the requisite instructions may be issued to the Marriage Registrars in Mysore.

Letter dated the 9th March 1920 from the Rev. D. A. Rees, Bangalore City to the Registrar-General of Births, Deaths and Marriages, Madras.

With reference to your letters E. 76 of 14th February and E. 76-1 of the 2nd March to the Rev. W. E. Tomlinson, I have the honour to state that the two certificates have been sent to me and will be dealt with and forwarded.

In your letter E. 76-1 of February 21st, you give a list of Marriage Registrars in Mysore, namely Mr. Thomas Patient, the Rev. H. Gulliford and myself. Please note that Rev. H. Gulliford no longer resides in the Mysore State but in C onoor. It is therefore clear that all such certificates will be sent to me to be dealt with. The Rev. A. R. Slater of Hassan was instructed by you to send a certificate to the Marriage Registrar of his district. He has asked you who holds that office and as I know there is none, it is probable that you will instruct him to send the certificate to me.

It therefore appears as though all the certificates of marriages of European British Subjects in the Mysore State excluding the Civil and Military Station of Bangalore will come to me. I have no objection to do this work but I think it is only right that I should ask for some allowance for so doing. At present I have to use my own stationery, pay postage in some cases and do the work for nothing

I shall feel obliged if you will consider the matter and see what can be done. I raised the question once before.

2. *Letter No. Pol. 121, dated 27th July 1920, to the First Assistant to the Honourable the Resident in Mysore.*

With reference to your endorsement No. 4175, dated the 11th May 1920, regarding the adjustment of the contingent expenditure incurred by Marriage Registrars in Mysore appointed under the Indian Christian Marriage Act, 1872, I am directed to state that under Government of India Notification, Foreign Department, No. J. 176, dated 31st December 1875, this Act is in force in Mysore only so far as regarbs marriages between persons one of whom is a Native Christian subject of Mysore and neither of whom is a Christian British subject.

The certificates referred to in the correspondence relate to marriages of persons not being Native Christians which under section 34 have to be forwarded by Marriage Registrars to the Registrar-General of Births, Deaths and Marriages in Madras. Section 28 to 36 which relate to marriages of persons not being Native Christians have not been made applicable to Mysore. The Durbar, therefore, consider that the charges incurred for postage, etc., in these cases should be borne by the Madras Government. If for facility of payment it is considered desirable to cash such bills in the Mysore Treasuries the Durbar will be glad to arrange for such payment being made subject to adjustment through His Majesty's Jamakarch accounts with the Honourable the Resident's Treasury at Bangalore. The need

however for the local District Magistrates countersigning the bills preferred by Marriage Registrars will not then be apparent.

3. *Memo No 10251, dated the 22nd November 1920, from the First Assistant to the Honourable the Resident in Mysore, forwarding for information and necessary action a copy of the following letter No. 10248, dated 28th November 1920, to Rev. D A Rees, Wesleyan Mission, Bangalore City.*

"I am directed to refer to your letter dated the 9th March 1920 to the address of the Registrar-General of Births, Deaths and Marriages, Madras and to say that in future any expenditure incurred by you as Marriage Registrar in excess of the fees which you collect, may be recouped as soon as it is incurred or once a month by the submission of bills for the amount to any Treasury in the Mysore State."

Correspondence ending with letter No. 3934, dated 15th October 1920, from the Chief Commandant, Mysore State Troops, forwarding the Annual Report of the Mysore Military Forces for the year 1919-20.

Order No. G. 12714—Mily. 122-20-3, dated 5th January 1921.

Recorded.

The expenditure under all branches of the Military Service amounted to Rs. 23,43,062 as against Rs. 18,06,551 in the previous year. The increase was chiefly due to an abnormal increase of nearly 5 lakhs under Imperial Service Lancers and 2 lakhs under Imperial Service Transport Corps. There was savings of one and half lakhs under recruitment charges as recruitment ceased on the conclusion of the war. The large increase under the two units referred to is understood to be mainly due to the fact that arrear pay bills of previous years were drawn during 1919-20.

2. Three drafts of reinforcements numbering 1 officer, 84 other ranks and 36 followers from the Depot Imperial Service Regiment and 2 drafts comprising 1 officer, 52 ranks and 18 followers from the Depot Transport Corps were despatched to the Field.

3. The combatant strength of the Cavalry Regiments during 1919-20, as compared with similar strength in 1918-19, was as follows:—

Year.	Combatant strength of Imperial Service Lancers.	Combatant strength of Mysore Horse.
1918-19 ..	904	294
1919-20 ..	698	384

The decrease in the strength of the Imperial Service Lancers was due to the discharge of combatants consequent on the termination of the war.

4. In the Infantry Regiments casualties due to resignation, discharge and dismissal numbered 220, while the corresponding number for 1918-19 was only 113. The reason for the large increase of casualties from these causes during 1919-20 should have been explained. No reliefs of these Regiments is reported to have taken place during the previous year and such relief during 1921-22, if found necessary, should be proposed by the Chief Commandant for the consideration of Government.

5. The Imperial Service Troops returned to Bangalore, in February 1920, after rendering a good account of themselves in the several war-theatres to which they had been sent and earning the unqualified approbation of Brigadier General Harbord and the Commander-in-Chief of the Expeditionary Forces. The Bangalore City Municipality and the general public accorded a hearty welcome to the Troops and several entertainments were organised in their honour. His Highness the Maharaja was graciously pleased to review the Imperial Service Regiment, on 21st February 1920, and addressed words of welcome to the Officers and Men of the Regiment.

6. His Highness the Maharaja has been pleased to sanction the award of Distinguished War Service Medals to 4 Officers, 18 Non-Commisioned Officers and 12 Sowars of the Imperial Service Regiment and 1 Officer of the Transport Corps. The British Government also conferred the second class order of British India with the title of "Bahadur" on Resaldar Hayathulla Khan and Subedar Khairudeen, Indian Meritorious Service Medal on 16 Non-Commissioned Officers and Sowars and an Indian Distinguished Service Medal on Subedar Hanumantha Rao.

7. Orders for the demobilization of the Imperial Service Troops were passed in June 1920, and the strength of Troops was ordered to be reduced to the pre-war level pending consideration of the re-organisation of these units. Special concessions and

facilities have been granted to the discharged and mobilised Sowars and Followers in the way of increased pension, gratuity, grant of lands, etc.

8. On a requisition from the General Officer Commanding 9th Division, 40 Transport carts were hired out for station duties for a week in June 1920.

9. The candidates selected from the Imperial Service Troops for the classes of instruction both here and in the Field are reported to have done well. The drill and discipline of the Army in the several units was good and the management of the Department was generally satisfactory.

Order No. G 13735 6—Mily 134 20 4, dated 15th January 1921.

Recorded.

2. The aggregate strength of the several herds of cattle increased from 8,591 to 8,729 during the year

3. The percentage of birth-rate was 38·55 and the death rate 7·41 for the year under report as against 32·7o and 8·95 respectively in the previous year.

4. Six hundred and six bullocks, 2 calves and 7 breeding bulls were sold during the year and the average price realised from each bullock is Rs. 141-7-0 the highest on record.

5. The demand under all heads during the year amounted to Rs 1,26,585-2-1 and the recovery to Rs. 1,23,138-14-4 as against Rs. 51,612-1-2 and Rs. 48,398-6-5 in the previous year.

6. The expenditure of the Department excluding the grain compensation allowance was Rs. 39,493-12-5 and exceeded that of the previous year by Rs. 3,765-9-11.

7. In 1918-19 the number of deaths in the flocks of Australian sheep was 13 but in 1919-20 it rose to 81. The causes of this abnormal increase in mortality have not been explained.

8. Government note that the question of the supply of grass to the Military Department and the Kunigal Stud Farm from the newly started grass farms is receiving the attention of the Department. Further investigation into the whole question has since been ordered by Government, and it is hoped that it will be possible to place the grass supply on a satisfactory basis.

9. Government are pleased to note that the management of the Department during the year has generally been satisfactory.

APPENDIX.

Rules relating to the disposal of Amrut Mahal Cattle by sale.

1. The Superintendent, Amrut Mahal Department, after ascertaining from the Military Department, the requirements of the Mysore Imperial Service Transport Corps, shall submit to the Chief Commandant a provisional list of surplus cattle containing the particulars of cattle such as, herd No., brand, name, sex, etc., by the middle of October each year. The Chief Commandant, Mysore State Troops, shall or under his instructions, the Superintendent, Amrut Mahal Department, shall, while the herds are mustered during the latter part of October or in the beginning of November, fix the minimum price of each animal selected for sale. The time and place of sale shall be fixed by the Superintendent.

2. The Superintendent shall advertise the sale in three issues of the *Mysore Gazette*, and have the same published in the *Madras Times*, *Hindu*, *Daily Post*, *Vokkaligara Patrika*, *Vrittanta Patrika*, *Mysore Patriot* and the *Bombay Chronicle*. Spare copies of printed notices obtained from the Government Press should be forwarded to the Amildars of Taluks adjoining the places fixed for sale. Wide publicity of the sale should also be given through the Departmental Subordinates.

3. The Superintendent shall personally conduct the sale. The Chief Commandant, Mysore State Troops, also should be present at the time of sale and watch the interest of Government.

4. The sale shall be knocked down by the Superintendent to the highest bidder, which should in no case be less than the minimum price fixed for each head of cattle. If the price fetched at the time of sale is less than the minimum price fixed by the Chief Commandant the animal shall not be sold.

5. As soon as the sale is knocked down, the highest bidder shall immediately pay 25 per cent of the sale amount and furnish suitable security. The balance should be paid by the purchaser within three days from the date of sale, failing which the animal will be resold and the original bidder made to pay for any loss which may occur in the second sale, but he shall not participate in any profit.

6. Once a minimum price is fixed for any head of cattle, the Superintendent may dispose it of for any amount not less than that fixed for it. Then there are more offers than one for the same animal, the Superintendent shall report the details to the Chief Commandant and obtain orders for the disposal thereof to the best advantage of the Department.

7. The Superintendent shall forward to the Chief Commandant, Mysore State Troops, a detailed list of cattle sold every month by the 15th of the succeeding month for review.

2. The total number of cases brought to trial under the Regulation during the year under report was 231 involving 243 persons, of whom 155 were convicted and 70 acquitted. Besides these one person escaped from custody and two died before proceedings were taken in court. Fourteen cases involving 15 persons were pending trial at the close of the year. There has been an increase of 90 cases in the institution of cases during the present year over that of the previous year owing to the large institution of cases under sections 6, 13 and 36.

3. In addition to the cases under the Regulation, 50 cases involving 77 persons were brought under the Indian Penal Code in respect of stolen property classed as mining material. Of these 49 persons were convicted and 25 acquitted. One case involving 3 persons was pending at the close of the year.

4. During the year under report there were 247 accidents resulting in the death of 51 persons underground and of 20 persons in the Company's Hospital. The accidents were chiefly due to rock bursts, fall of loose explosive slips and falls and in one instance in the Nandydrug Mine the accident was due to the overwinding of the engine. Government observe that the number of accidents during the year has been larger than in the preceding year, and hope that necessary steps will be taken to minimise them as much as possible

ANNEXURE.

Letter No. Per. 42, dated 15—16th October 1920, from the Inspector-General of Police in Mysore, to the Chief Secretary to the Government of H. H. the Maharaja of Mysore.

In forwarding herewith copy of letter No. T. B. 381, dated 14—18th September 1920, from the District Magistrate, Kolar District, reporting on the working of the Mysore Mines Regulation No. IV of 1906, during the official year 1919-20 together with its enclosure in original, I have the honor to state as follows:—

2. *Cases.*—Two hundred and seventeen cases were disposed of by the Magistrate during the year under various sections of the Regulation as against 134 in the preceding year. This large increase is reported to be due to the institution of a larger number of prosecutions by the Police under sections 6 and 13 and by the Sanitary

Board under section 36 of the Regulation. Of these, 148 cases ended in conviction and 66 in acquittal. Fourteen cases were pending before the Magistrate at the close of the year. In three cases no Proceedings were taken owing to the escape or death of persons concerned therein. The corresponding figures for the previous year were as follows:—

Convictions	87
Acquittals or discharge	45
Struck off owing to death	2
Magistrate pending	7

3. *Persons.*—In all, there were 243 persons concerned, of whom 155 persons were convicted, 70 were acquitted, one escaped from custody, 2 died and the remaining 15 were awaiting trial.

4. Besides the above cases dealt with under the Special Law, 50 cases with 77 persons in respect of stolen property, classed as Mining Material, under the Indian Penal Code were put up for trial before the Magistrate. Of these, 34 cases with 49 persons ended in conviction, 15 cases with 25 persons in acquittal and the remaining one case with three persons was pending disposal.

5. *Mining Accidents.*—The number of accidents that occurred during the year was much larger than in the preceding year, being 247 against 56; but the total number of deaths resulting therefrom during the two years was almost the same, being 71 against 72.

Letter No. T. B. 381, dated the 14—18th September 1920, from the District Magistrate, Kolar District, to the Inspector-General of Police in Mysore.

I have the honor to forward herewith the fourteenth annual report on the working of the Mysore Mines Regulation of 1906.

2. The total number of cases put up before the Magistrate for trial during the yea, under report, under the various sections of the Regulation was 231 involving 243 personsr against 141 cases relating to 152 persons in the previous year. Out of these, 148 cases involving 155 persons ended in convictions, and 66 cases with 70 persons in acquittals, the corresponding figures under these heads of disposals for the year previous being 87 cases with 90 persons and 45 cases with 52 persons respectively. Besides these disposals, one person in one case escaped from custody, 2 persons in two cases died before proceedings were taken in court against them and the remaining 15 persons, concerned in 14 cases were pending trial before the Magistrate at the close of the year. A detailed statement showing the disposal of these cases is hereto appended.

3. The increase of 90 cases in the number of cases put up is due to a larger number of cases instituted by the Police under sections 6 and 13 of the Regulation as well as by the Sanitary Board under section 36 (*ibid*) being 78 cases with 87 persons, and 134 cases with 135 persons as against 57 cases with 67 persons and 70 cases with 70 persons respectively in the previous year.

4. In addition to the cases dealt with under the Special Law, 50 cases involving 77 persons were put up before the Magistrate under the Indian Penal Code, in respect of stolen property classed as Mining Material, as against 41 cases involving 60 persons in the previous year. Of these, 34 cases with 49 persons ended in convictions, 15 cases with 25 persons in acquittals, and the remaining one case with 3 persons was pending disposal before the Magistrate at the close of the year.

5. *Unlawful possession of Mining Materials, Sections 6, 13 and 16.*—Eighty cases with 89 persons chargesheeted for unlawful possession of Mining Materials under sections 6, 13 and 16 of the Mines Regulation were dealt with during the year under report, as against 57 cases involving 67 persons in the year previous their disposals being as noted below:—

Convicted	51 cases	55 persons
Acquitted	17 „	21 „
Escaped	1 „	1 „
Pending	11 „	12 „
	80	89

There were 6 cases of some interest under sections 6 and 13 during the year under report, a brief summary of which is hereto attached.

6. *Possession of unwrought gold, Section 12.*—Four cases with 4 persons as against one case with one person in the previous. year were put up for trial before the court and

they all ended in the convictions of the accused persons.

7. *Undesirables, Section 17*—As in the previous year, 8 cases involving 8 persons were put up for trial. Of these, 7 cases with 7 persons ended in conviction, the accused in the other case being acquitted.

8. *Goldsmiths, hawkers and pedlars.*—During the year under report, 38 licenses were issued to goldsmiths, 14 to hawkers and 26 to pedlars, as against 33, 9 and 31 respectively in the previous year, the amount of fees realised under all heads being Rs. 286 against Rs. 241 of the year previous.

In the case of fresh licenses issued, the opinion of the police was generally taken beforehand, as usual.

9 *Mining Accidents.*—During the year under report, 247 accidents in all were reported, resulting in the death of 51 persons underground and of 20 persons in the company's hospital. As usual, the accidents were chiefly due to rock bursts, the fall of loose explosion slips, and falls, etc. In one accident, however, which occurred on the 4th January last, in the circular shaft, Nandidrug Mine, 11 persons were killed on account of the overwinding of the engine, which has been reported to Government

10. *Safety and discipline of Mining employees.*—During the vear under report, the Department of Mines and Geology instituted proceedings in 2 cases involving 4 persons against 5 cases with 6 persons in the previous year. Of these, one case with 3 persons ended in conviction and the other in acquittal.

11. *Breaches of Sanitary Rules.*—In all, 133 cases with 134 persons were put up for trial during the year, for breaches of the Bye-laws framed under section 36 of the Mining Regulation, as against 61 cases with as many persons in the previous year. Of these, 81 cases with the same number of persons ended in conviction and 47 in acquittal due to withdrawal of the prosecutions by the Sanitary Agency, the work in respect of which, the prosecutions were launched having been duly carried out. Barring these, the accused in 2 cases died, while 3 cases with 3 persons were pending trial at the close of the year.

The amount of fines imposed under the Sanitary Bye-laws during the year aggregated to Rs. 171-12-0, the amount levied during the year previous being Rs. 84-8-0.

12. *Prosecution by the Mining Sanitary authorities.*—One case with one person as against 9 cases with 9 persons in the year previous was instituted during the year under report at the instance of the Mining Sanitary Officers and it ended in conviction.

Annual Repairs to Travellers' Bungalows.

No. G. 14581-91—G. M. 33-20-10, DATED 25TH JANUARY 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. P. W. 643-90—B. 2073-2120, dated 15th August 1919, laying down a set of rules for carrying out annual repairs and maintenance to civil buildings.

2. Government Order No. G. 17618-78—G. M. 198-14-60, dated 24th June 1918, issuing instructions in regard to the management of Travellers' Bungalows.

3. Government Order No. G. 5921-90—G. M. 72-19-47, dated 14th September 1920, defining the powers of various officers in the matter of repairs and improvements to be carried out to first and second class travellers' bungalows.

4. Letter No. 2152, dated 6-8th December 1920, from the Revenue Commissioner in Mysore, stating that, while it is understood that the amount to be spent annually on the repair of each civil buildings should not exceed 1½ per cent of the capital cost of the building, it is not clear whether a travellers' bungalow comes under the category of "civil building" and whether the estimate for its repair should be restricted to 1½ per cent of its capital cost and seeking definite orders in the matter.

5. Un-official Note No. 91, dated the 22nd December 1920, from the Chief Engineer of Mysore, expressing the opinion that the limit of expenditure for repairs to travellers' bungalows should be restricted to 1½ per cent of the capital cost of such bungalows as in the case of civil buildings.

Order No. G. 14581-91—G. M. 33-20-10, dated 25th January 1921.

Govenment consider it necessary to fix a limit to the expenditure that should be incurred for the annual repairs of the travellers' bungalows which fall under the category of "communications" and not of "civil buildings". They are accordingly pleased to direct that the amount to be spent every year on repairs to travellers' bungalows should not ordinarily exceed 1½ per cent of the capital cost of each bungalow as in the case of civil buildings.

K. MATTHAN,
Offg. Chief Secretary to Government.

Report on the working of the Department of Mines and Explosives.

No. G. 12671-3—Geol. 47-20-3, dated 4th January 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

1 Read—

Report on the working of the Department of Mines and Explosives during the year 1919-20, received with letter No. 286, dated 14th September 1920, from the Chief Inspector of Mines in Mysore.

Order No. G. 12671-3—Geol. 47-20-3, dated 4th January 1921.

The Department of Mines and Explosives, which was part of the Department of Mines and Geology, was formed into a separate department during the year and Dr. W. F. Smeeth who was formerly Director of all these Departments, was placed on special duty, while the administrative control of the Department of Mines and Explosives was placed in charge of Mr. R. Bocquet, Chief Inspector of Mines. The Inspector of Explosives was divested of the duties of the Deputy Inspector of Mines so that he might devote greater attention to the statutory inspections of explosives, etc.

2. This review is confined to the purely administrative aspect of the Department of Mines and Explosives, while the revenue aspect is dealt with in the review of the department of Geology.

3. *Inspection of Mines.*— During the calendar year, the number of persons employed in the mining industry was 26,151 as against 26,371 in the previous calendar year. Of these, 24,409 were employed in gold mining against 24,517 in the previous year.

4. The number of accidents reported for the year 1919 was 208 against 158 during the previous year. Of these accidents, 54 were fatal, 147 serious and 7 non-mining. The number of fatal and serious accidents was therefore 201 being at the rate of 7·69 per one thousand persons employed as against 150 or a rate of 5·69 per one thousand persons employed during the previous year. The number of persons killed in 54 fatal accidents was 68. The mortality was thus 2·60 per one thousand persons employed as against a mortality of 2·69 per 1,000 persons employed during the year 1918.

5. There were 8 individual accidents involving 2 or more fatalities, 3 of these occurring at the Mysore Mine, 1 at Champion Reef and 4 at Ooregum. In these 8 cases, 22 persons lost their lives, the three most serious accounting for 3, 3 and 6 fatalities respectively.

6. Twenty-seven persons were killed in 15 accidents due to rock burst, the corresponding figures for the previous year being 13 and 10.

7. Five persons were prosecuted for breaches of the Mines Regulation and the rules thereunder and four of them were convicted and one acquitted. Twenty persons were departmentally punished for less serious offences connected with 18 accidents by fines or by the cancellation or suspension of certificates.

8. The scheme regarding the payment of compensation to persons for injuries caused to them in accidents is stated to have worked satisfactorily, the amount paid in such cases was Rs. 77,865-7-0.

9. Of 538 candidates who qualified themselves for certificates, 353 were for Mestris, 169 for Blasters, 8 for Engine Drivers of the 1st class and 8 for Engine drivers of the 2nd class.

1	Srikantiah, Shanbhog of Buvanhalli, on behalf of the villagers	16 1 20	Represents that the villagers have no complaint against the proposed reserve of Survey Nos 14 and 15			Survey Nos 14 and 15 of Buvanhalli and 66 and part of 67 of Chiksanne were taken up sometime ago for a revenue plantation and planted up Some time after the planted area was taken over by the Forest Department who now propose converting this area and the unplanted area in Survey No 67 of Chiksanne into a reserve block	
2	Birappa, Patel of Chiksanne, on behalf of the villagers	Do	He prays that Survey Nos 66 and part of 67 may be exclusively left to the villagers without including them in the proposed reserve as there are no other gomal or useful Kharab numbers in the village (2) and also prays that all bare land in Survey Nos 67 next to the present planted area may be set apart for village common to graze their cattle			Survey No 67 is an assessed waste number sometimes used for camping by troops on route march but the land has not been demarked as a camping ground The Buvanhalli Shanbhog has nothing to say against the numbers in his village being taken over as reserve as they are already planted up and sold for the benefit of the forest revenue	
3	Naranappa, Shanbhog of Chiksanne	Do	Represents that Survey Nos 66 and 67 are shown as assessed waste numbers in the village account and are sold annually for "Hulbarmi" (2) and also says that Survey No 67 is used for Military camping ground but not shown as permanent camping ground in any of the accounts			Survey No 67 of Chiksanne is sold by the Revenue Authorities for Hullubanni a portion of this was asked for the village common The village has no other exercising ground for the cattle I decide to form No 14 of Buvanhalli and 66 and part of 67 of Chiksanne to the west of the line joining the south west corner of 68 with the junction bhands of 66 and 67 with a reserve block There are no rights of way and no cultivation margin to be allowed here

1	Giregegowda, patel of Gollunkunte	30-11-19	Represents that Survey Nos. 148, 8 and 10 be excluded from the reserve as it will cause inconvenience for grazing cattle.		The northern portion of the proposed block within the limits of Nidigal village adjoins the State Forest of that name, while the southern port on within the limits of villages Mamadisagar Rangappanahalli, Budesanahalli, Jangamarahalli, Oodagatta and Thimmanaikanabetta, is dotted all over with a large number of occupied lands whose acquisition or payment of compensation is not desirable in the interest of the department.	The lands proposed to be taken to the block from this village measure about acres 133, 6 guntas. If this area is reduced from the available gomal area of the village the balance will not suffice, for the cattle. This area is at the extreme left of the proposed block and cannot conveniently come into line with the existing Nidigal Forest. None of these numbers will be taken up. This village will be left untouched.	
2	Girigegowda, patel of Mamadisagar	Do	Represents that the Gomal No. 19 may be excluded from the reserve.		It is on this account that the lands proposed to be included have to be left intact. The proposed lands of Jangamarabetta would have resulted in a small subsidiary block of about 30 acres but from the "C" Statement it will be observed that practically no gomal or kharab lands have been left in the proposal for the benefit of communal purposes of the villagers who have good head of cattle. Hence I agree with the decision of the Forest Settlement Officer. In adding the proposed lands of Nidigal village to the existing Nidigal State Forest as an extension and having intact the proposed lands of other villages which would not form a compact block.	The gomal No. 19 proposed for the block is the only gomal Number There is no other kharab or a-sessed waste land in the village. The number proposed will be excluded from the block.	
3	Venkatasubbiah, shanbhog of Nidigal	Do	Represents that kharab survey Number gomal 5, Nos 18 and 17 may be included in the Reserve leaving sufficient gomal to graze for their village cattle.			There are only two Nos. for grazing the village cattle. A very large area on this village has already been included in the Nidigal State Forest. The list of kharab No. 18 and gomal No. 17 to the north of the line joining the westernmost corner of No. 18 with the south-east corner of No. 25 will be left for the village common and remaining area taken over for reservation and added to the Nidigal Forest.	
4	Rangappanahalli					No lands from these villages will be taken up.	
5	Hosahalli						
6	Budesanhalli						
7	Konde Thimmanahalli		No contension of the villagers.				
8	Jangamarahalli		No contension of the villagers.			The shanbhog and patel have not turned up. From the proposition statement it will be gathered that all but 35 guntas out of the gomal area is to be included in the proposed block. The village has no other kharab and only 15 acres of assessed waste. The cattle of the village total 839 as per the above statement. It is possible that this number has increased since the village cannot afford giving over any area for a subsidiary block. The village will therefore be excluded with Jangamarahalli going out of the block. Oodaghatta lying to the south of it necessarily keeps out of the block.	
9	Oodaghatta		No contension of the villagers.				
10	(1) Chandrasekhara Sastri of Konde Thimmanahalli (2) Dasalhilta (3) Venkata Rao (4) and Dasa (5) of Thimmanaikanbetta village	Do	Represent that their lands may not be excluded in the reserve either as acquired lands or as enclosures.			The whole of this village will be excluded as it cannot come in the continuation with either the Nidigal Forest now existing or its extension now settled. The usual cultivation margin and recognized rights of way will be allowed in the areas taken over.

NOTIFICATION.

No. R. 8166—Ft. 128-20-3, dated 21st January 1921.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900), that from 1st March 1921, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest" subject to the exercise of rights specified at foot thereof:—

SCHEDULE.

District	Taluk	Approximate area	Name of block	Boundaries
Bangalore	Bangalore	475 acres and 24 guntas or ·74 square miles.	Mallegal Valley Extension.	*Situation.*—The block is situated about a mile distant from Yesvanthapur Railway Station and lies to the west of hobli Headquarters. *North.*—Starting from a point on the common boundary between Jarakabande Kaval and Laggere about 13 chains south-east from the north-east corner of new Survey No. 9 of Laggere, the line runs south-east, north-east, south-east and again north-east along the said common boundary to the trijunction bhands of the said two villages with Kethamaranahalli. *East.*—Then the line runs south-east along the common boundary between Kethamaranahalli and Laggere to the trijunction bhands of the said two villages with Saneguruvanahalli ; then south-west along the common boundary between Laggere and Saneguruvanahalli to the southernmost corner of new Survey No. 35.

South.—Then the line runs south-west along the common boundary between Laggere and Saneguruvanahalli to a point about 2 chains south-west from the easternmost corner of new Survey No. 42.

West.—Then the line runs north-west along the eastern boundary of new Survey No. 42 for about 12 chains to its northernmost corner ; then south-west for about 3 chains along the eastern boundary of new Survey No. 84 to a point on the left bank of a jungle stream about 9 chains north-west from the westernmost corner of new Survey No. 42 ; then north-west along the left bank of a jungle stream through new Survey Nos. 84, 85, 88, 89, and skirting 90, and through Survey Nos. 14, 11, 12 and 10, to the starting point.

Remarks. A— The following rights of way are admitted within the block for use by men, cattle and carts in case of cart-tracks which are 12 feet in width for use by men and cattle in case of foot-paths which are 6 feet in width throughout the year.

1. Foot-path leading from Laggere village to Kethamaranahalli, it enters the forest in the southern boundary of the block at a point about 10 chains north-east from the south-west corner of new Survey No. 89 and goes north-east for about 63 chains through new Survey Nos. 89, 24, 15, 17, 18 and 19 and quits the forest in the eastern boundary of the block at a point about a chain south-east from the trijunction bhands of Jarakabande Kaval, Kethamaranahalli with Laggere.

11. Foot-path leading from Laggere village to Bangalore, it enters the forest in the western boundary of the block at a point about 16 chains south-east from the north-west corner of the new Survey No. 85 and goes east and north-east for about 66 chains through new Survey Nos. 85, 26, 27, 34 and 33 and quits the forest in the eastern boundary of the block at a point about 4 chains south-west from the trijunction bhands of Laggere, Kethamaranahalli with Saneguruvanahalli.

No.	Names of claimants	Date of presentation of claim	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement
1	2	3	4	5	6	7	8
1	Gangeppe, Patel of Laggeri, on behalf of the villagers.	24-9-20	Represents that part of Survey Nos. 102, 105, 106, 107, 75, 74 and 73 to the west of the stream be excluded from the reserve as village cattle will be deprived of some of its grazing ground and also represents to convert assessed waste Survey No. 107 to gomal.	...	...	Though less than 1 square mile in area the reservation of the proposed block was recommended and ordered by Government as an extension to the already formed Mallegal valley block to which it joins on its northern face. In sending up the papers, the Revenue Commissioner recommended that more gomal ought to be allowed for the village cattle than was done in the proposal by the Forest Department.	
2	Putta Narasiah, Shanbhog of Laggeri.	24-9-20	Represents that if all lands to the west of the stream running through Survey Nos. 102, 105, 106, 107, 75, 74, and 73 be excluded from the reserve, it will suffice the villagers for grazing their cattle.	...	...	The place was inspected to-day and the villagers interviewed. Through their Patel they all pleaded for more grazing common adjoining to their cultivation numbers and were quite agreeable to the reservation of the gomal numbers far removed from the village site towards the north and eastern face of the block. With this view the wants of the village are taken into dicussion and the reservation of all the proposed area lying to the east of the stream flowing through old Survey gomal Nos 124, 102, 105, 106, 75, 74 and 73 and assessed waste 107 ordered. The block will therefore consist of the whole of 77, 78, 79, 130, 80, 81, 89, 90 129, 82, 83, 84, 85, 86, 87, 88, 128, 93, 92, 91, 94, 95, 96, 97, 98, 99, 100 and parts, of 102, 105, 106, 107, 76, 75, 74 73 lying eastward of the stream the left bank of which will be the boundary in these parts. The two pattes leading to Bangalore and Kenchammanahalli are allowed. Assessed waste 107 will be recommended to be converted into gomal.

No. R. 7563 / Ex. 72-20-2

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT.

Bangalore, dated 3rd January 1921.

NOTIFICATION.

Under Section 29, clauses (*h*) (*j*) and (*l*) of the Mysore Excise Regulation, V of 1901 as amended by Regulation No. V of 1920, and in exercise of all other powers enabling them in this behalf, the Government of His Highness the Maharaja of Mysore are pleased to make the following rules for regulating the issue of Rectified spirits to Chemists and others for use in the manufacture of drugs, medicines or chemicals.—

(i) The rate of duty at which rectified spirits will be issued from the Government Central Distillery to Chemists and others who hold a license for their use in the manufacture of drugs, medicines or chemicals will be calculated proportionately at their strength at the prevailing rate of duty fixed on arrack of 35° U. P. manufactured in the Government Central Distillery.

(ii) Manufacturing Chemists and others requiring rectified spirits should apply to the Deputy Commissioner of the District in which they carry on their business for a license to possess and use rectified spirits in the manufature of drugs, medicines or chemicals only. The license will be issued free of fee, with the previous approval of the Excise Commissioner.

(iii) The licensee will be required to enter into a bond with the Deputy Commissioner undertaking to use the spirits for the purpose specified in the license and no other and to pay a penalty of Rs. 50 for every breach of the Excise Regulation and the rules framed thereunder and for breach of the conditions of this license.

(iv) No sale of the spirits will be permitted under the license.

(v) The licensees shall maintain correct accounts which should be produced for inspection on demand by any Excise Officer of not lower in rank than an Assistant Inspector.

(vi) The license shall be revocable by the Deputy Commissioner, if the licensee fails to abide by the terms of the license granted to him.

By Order,
B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

Correspondence ending with letter No. 2526, dated 21st May 1920, from the Inspector-General of Registration in Mysore reporting on Subject No. 43 of the Representative Assembly of the October Session of 1919 regarding the reduction of fees for copying registered documents, and recommending that a uniform rate of two annas per 100 words for both English and Kannada documents may be fixed as copying fees in the Registration Department, and that he may be authorised to appoint separate copyists, whenever the volume of work requires it and to pay them half the fees realised.

2. Letter No. 2531, dated 26th May 1920, from the same officer, recommending, for reasons stated, that certain appointments of separate copyists made by the District Registrar, Mysore, without due authority, for the preparation of copies of registered documents in some of the Sub-Registry Offices in his district, may be approved.

Order No. R. 7581-640—Regis. 17-19-6, dated 3rd January 1921.

In view of the repeated representations made and the lower rates prevailing in British India, Government are pleased to direct that a uniform rate of two annas per 100 words, for both English and Kannada, be fixed as copying fees in the Registration Department. A notification amending the table of fees accordingly will be issued separately.

2. Government are further pleased to empower the Inspector-General of Registration to sanction appointment of special copyists in such Registration Offices where such arrangements are found to be necessary subject to their being paid one-half of the copying fees realised. This arrangements will be tentative for a period of one year at the end of which result will be reported to Government.

3. The appointments referred to in the second letter read above are, under the circumstances explained, hereby approved.

Correspondence to be adopted in Income-tax Offices.

1. G. O. No. 152—E. A. G., dated 27th June 1917, making certain observations on the working of the Disposal Number System and issuing revised rules therefor.

2. Letter No. H. C. 85, dated 22nd—25th December 1920, from the Commissioner of Income-tax in Mysore stating that the rules of correspondence prescribed in the Disposal Number System have been found by most of the Collectors in the Income-tax Offices to be needlessly elaborate and to involve unnecessary clerical labour, and submitting for orders a memorandum containing a modified scheme proposed to be introduced in all the Income-tax Offices in the State.

Order No. R. 8212—I. T. 21-20-2, dated 22nd January 1921.

Government are pleased to direct that the procedure laid down in the annexures to this Government Order, in regard to correspondence be adopted in all the Income-tax Offices in the State.

G. ARAVAMUDU IYENGAR,
Secy. to Govt., Rev. Dept.

To—The Commissioner of Income-tax in Mysore.

Exd.—C. R.

The correspondence in Income-tax Offices may be classified under two heads:—

(1) Correspondence with or relating to individual assessees.

(2) General correspondence with other offices, etc. The bulk of the correspondence falls under the first head, and will ordinarily be of ephemeral interest. For registering and recording correspondence of this nature, the "Disposal Number System" is found to be needlessly elaborate and to involve unnecessary clerical labour. The most convenient method of registering and recording such corrrespondence would be to bring together in one "personal file" all correspondence and other papers relating to each assessee.

2. The first requisite for such a system is a "File Register of assessees and each assessee's personal file will bear the File Register Number. For the Registration of all correspondence with or relating to assessees (actual or potential) a register called the 'Assessees' Correspondence Register" will be maintained. All other correspondence will be registered in a "General Correspondence Register".

3. The scheme proposed to be adopted is explained below :—
Its salient features are:—

(1) Papers relating to an assessee will be put in one file which will be always known by the Assessee's number in the File Register.

(2) The papers in the file will not be detached and sent out in original at any time.

(3) There will be no Petition Register and Disposal lists as now prescribed under the Disposal Number System.

4. *"File Register"*.—As regards income-tax assessee's files there will be a file for each assessee. The assessees will be numbered serially in a list called the "File Register" which will be in the annexed form (Annexure I). The numbers assigned to the assessees in this Register will not be changed for a series of years (10 years). If at any time during this period an assessee is struck off the list, his number will not be assigned to another assessee.

but will remain vacant. If he should be once more placed on the list, he will resume his old number. As new assessees are added to the list they will be numbered in cotinuation of the previous assessees. All correspondence relating to the assessment of a given assessee will be placed in one file which will bear the assessee's number. Every file will be provided with a facing sheet (sample enclosed Annexure 2) on which will be written only the year, number and the name and address of the assessee. On every outgoing communication to which a reply is required the "File" number will be prefixed to the correspondence or notice or other Register Number thus:— F. 46-54, dated 1st January 1921, where 'F, 46' is the File Number and 54 is the serial number in the Correspondence or other Register. The files will be arranged on the record shelf according to their numbers. Under this system it will be observed that all records relating to a given assessee will be kept permanently together. In order to find out easily the file number relating to a given assessee in all offices where the number of assessees is more than 200, a card index will be opened. Each card will bear the assessee's number, name and address. These cards will be kept in a tray in alphabetical order with guide cards. Where the number of assessees on a Collector's file in small, indexes on loose sheets of paper may be prepared and tagged together.

5. *Registration of Correspondence.*—Notices in Forms "C", "D" and "E" calling for returns of income and submission of accounts, Demand notices in Form "F", Penalty notices in Form "I", etc., (for which separate registers have been prescribed) will be issued with the File Number and the number in the particular Register concerned. Should any correspondence ensue thereafter it will be registered in the assessee's Correspondence Register. The assessees' Correspondence Register will be a simple combined inward and outward Register and will be in the annexed form (Annexure 3).

6. General Correspondence falling under the second head above and periodicals will be dealt with in accordance with the disposal Number System.

7. The filing system will be used for Government orders, Commissioner's circulars. Such orders and circulars if there is not anything in them calling for a reply will not be registered at all. but will be simply filed in a series of files, each file being provided with a table of contents. For example there will be one file for Government orders of a general nature (S. O. G.) another for Government orders relating specially to income-tax matters another for miscellaneous orders and another for Commissioner's circulars and so on. In all these files the papers will be arranged according to their own numbers and dates

8. No periodical returns should be entered in the Correspondence Register. Every periodical due to and from the office should be given a number in the stock list of periodicals and this number should be a permanent one retained from year to year. The periodical Register and the stock list of periodicals will be in the forms prescribed under the Disposal Number System. If any correspondenee should arise in connection with a return a separate current will be opened in respect of it in the General Correspondence Register and the number of the return will be referred to in the purport, while a reference to the current number will be noted in the Periodical Registers.

9. Periodicals will not be given any regular disposal at all, except those in regard to which any current has been opened as described above. They will be filed in numerical order in an annual bundle. They will not be indexed as this arrangement is self-indexing, that is to say, any one will know where to find at once a periodical of any year without referring to any Register at all unless it be to recollect one's memory as to the number of the return in question. All "R" and "D" disposals have to be enclosed in docket sheets, indexed and provided with a table of contents as is now being done for facility of tracing out disposals.

District Fund Administration Report of the Bangalore District for the year 1919-20, received with the District Board President's letter No C. Per. 22 — L. F., dated 30th September 1920.

Order No. R. 7820—L. B. 68-20-18, dated 10th January 1921.

Constitution of Local Boards.—There was no change in the number of Local Boards in the district during the year. The District Board was reconstituted during the year under the new Local Boards and Village Panchayets Regulation of 1918. The Economic development work in the district, which was hitherto attended to by a separate "District Committee", was transferred to the District Board during the year.

Non-official Presidents and Vice-Presidents.—The District Board continue to be presided over by the Deputy Commissioner of the District. The District Board and all the Taluk Boards in the district took advantage of the privilege accorded to them of electing their own non-official Vice-Presidents.

Meetings and attendance.—The District Board held the prescribed number of meetings, *viz.*, 4 and the average attendance of official and non-official members was 5·8 and 30·0 respectively. All the Taluk Boards held the prescribed number of meetings and the average attendance of official and non-official members was 2·8 and 7·8 respectively.

Village Panchayets.—Village Panchayets have been constituted for 100 villages in the district and Chairmen and members have been appointed for all except one. These serve a population of about 97,000 persons Their collections (chiefly under the house tax and cattle pounds) amounted to Rs. 16,714 and they spent in all Rs. 10,585 on public works, conservancy, sanitation, etc. The collection work was very unsatisfactory in all the Panchayet areas and heavy arrears have been allowed to accumulate. It is hoped that with the starting funds allotted to them by the District Board every Panchayet in the district will evince greater interest in the discharge of its duties and show better progress in future.

Finance.—There was a nominal decrease of Rs. 51,907 in the ordinary income of the Board this year, as the income of the Board during the previous year had been swelled by the credit to it of the local cess realised on the Excise Revenue of the previous years. But there was an increase of Rs. 13,944 in the ordinary expenditure, chiefly due to the larger outlay on public works under the control of the Civil Department and to the grant of grain and war allowances to all the employees of the District Board. Out of the total demand of Rs. 69,617 under house tax including mohatarfa, a sum of Rs. 43,894 or 63 per cent of the total demand was collected, leaving a balance of Rs. 25,723, of which Rs. 23,109 was to be recovered in the Village Panchayets. Collection work in the non-panchayet areas in the district is fairly satisfactory. The year closed with a balance of Rs. 3,38,928.

Condition of roads.—The average cost of maintenance of District Fund roads under the control of the Public Works Department in the district amounted to Rs. 123·6 per mile as against 123·5 in the previous year. During the year 199 miles of existing village roads were improved, while 32 miles of new roads were opened in the district. All the roads in the district are reported to have been kept in a fairly trafficable order. The grant of a moiety of the cost of maintenance of village roads from State Funds sanctioned under Government Order No. R. 729-39—L. B. 19-20-1, dated 16th July 1920, ought to result in perceptible improvement in the condition of all such roads.

No. R. 7820 — L B. 68-20-18, DATED 10TH JANUARY 1921

Lapses.—It is satisfactory to note that the percentage of lapses both under A. P. W. and B. P. W. fall from 25 and 67 to 14 and 23 per cent of the budget grants respectively during the year. The lapses under "B P. W." are reported to be due to want of definite programme as regards the selection of works and undue delay in the execution of works on the part of the Taluk Boards in the district The President of the District Board is requested to take needful steps to rectify the defects noted

Rural water-supply.—The total outlay on well works during the year amounted to Rs. 12,947 exclusive of the raiyats' share of Rs 2,533 against Rs 8,437 and 3,212 respectively in the previous year The outlay incurred on well works since the formation of the fund up to the end of the year under review was Rs 59,142 and the unspent balance at the credit of the fund at the end of the year was Rs 36,303 The progress continues to be slow in spite of the facilities afforded from time to time in order to ensure the rapid progress of well works in the State. It should be possible to show better progress in this direction in future

Public Health and Sanitation —The Public Health of the district during the year is reported on the whole to be satisfactory, the number of births and deaths being 9,576 and 8,302 against 9,833 and 32,195 The mortality from plague was as high as 1,032, while that from cholera was 171 The number of Ayurvedic Dispensaries subsidised by the District Board in the district was 9 and the number of patients treated therein was 33,986 against 27,617 in the previous year. They all continued to be popular. There was a fall in the number of vaccinations performed during the year, especially in the taluks of Bangalore, Devanhalli, Magadi, Channapatna and Kankanhalli. This requires explanation

General —The working of the District Board continued on the whole to be satisfactory.

OFFICE OF THE INSPECTOR-GENERAL OF EDUCATION IN MYSORE, BANGALORE.

Library and Publication Branch.

Grant-in-aid Rules for Public Libraries at villages, *i. e.*, Rural or Village Libraries.

The following Rules are circulated for the information of the Presidents of District Boards, and for favour of communication to subordinate officers for strict observance.

Definitions.— "Village Library" or "Rural Library" is a Free Public Library, situated at a village (Government or Alienated), and working under the administrative control of the Village Improvement Committee or Village Panchayet.

N. B.—The term 'Free Public Library' used above, signifies a Library which is freely accessible, to any member of the public, at stated hours regularly on all days except on authorised holidays. The open hours of the Library shall be mentioned on a notice board to be put up at a prominent place in front of the Library premises. Loans of books for home reading may or may not form part of the privileges allowed to the public, but reading on the spot should be free of charge and unrestricted.

"Library Year"—For the purpose of administrative and statistical reports and returns, the "Library Year" for all Libraries under the control of the Department of Education shall be the same as the official year, *viz*, July 1st to June 30th.

"Local Controlling Authority" in case of a Rural Library is the Amildar and Chairman of the Taluk Progress Committee or Board of the taluk concerned.

Scale of Government grants.		
	Initial or Equipment grant.	Equal to local contribution not exceeding Rs. 50.
	Recurring or Maintenance grant.	25% of local contribution or Rs. 3 per mensem whichever may be less.

Sanctioning Authorities.— (*a*) All grants to Village or Rural Libraries will be sanctioned by the Deputy Commissioner and President of the District Board, on the recommendation of the Local Controlling Authority.

(*b*) Grants not provided for, by these Rules, will be considered only by the Inspector-General of Education, who will obtain the orders of Government, where necessary.

Conditions of grants.—With a view to standardise the constitution, equipment, and working of Public Libraries in villages under the Rural Library Scheme, the following conditions of grants are laid down.

(1) It shall be a condition precedent to the application for a grant that there should be evidence of sufficient stability of the proposed Library. In other words, no initial or equipment grant shall be allowed to a proposed Rural Library, unless the organisers thereof, have collected the local contributions for the Library, and ensured a reliable and sufficient recurring income for its subsistence.,

(2) Government Aided Rural Libraries which are supported by public subscriptions shall be deemed to be public property, and Government, through its Library Organisation, shall have a right of interference and entry, in case of serious default or mismanagement. The ultimate reversionary right to all property in State Aided Rural Libraries shall vest in Government to the extent of the accumulated Government grants for equipment and building.

(3) The Department of Education shall have an effective voice to standardise the working of State Aided Rural Libraries and such Libraries shall be open to detailed inspections, by the Inspecting Officers of the Department of Education, or other officers especially deputed for the purpose by the Inspector-General of Education.

(4) No Library receiving Government grant shall be under private custody. The location of the Library in a public building, preferably in the local school building, should be encouraged as far as possible.

(5) Every State Aided Rural Library shall be under the management of the existing Village Improvement Committee or the Village Panchayets, who will be responsible for the proper management of the Library. The local schoolmaster may be the Secretary of the Library where he is a member of the Panchayet or the Village Improvement Committtee. In case he is not a member, the Chairman of the Panchayet or the Committee may be the Officer-in-charge. The Committee shall meet once every month transact the business that may be awaiting its decision, and review the work of the Library. A copy of the monthly proceedings shall be sent to the Local Controlling Authority. The annual meeting of the Managing Committee shall be held during the month of July every year in which the working of the Library during the preceding "Library year" shall be considered and reviewed, and a certified copy of the proceedings of the meeting shall be sent simultaneously to the Local Controlling Authority and the Inspector-General of Education.

(6) The Secretary to the Library Committee shall respond to all calls from the Amildar concerned or other officer that may be specified from time to time. for periodical returns and statistics of the Library, and he shall be the custodian of all the records and accounts of the Library.

(7) Every State Aided Rural Library shall maintain proper credit and debit registers supported by vouchers wherever necessary, and shall submit once a year to the Deputy Commissioner for his scrutiny, certified annual statement of the Library accounts through the Amildar concerned.

(8) Every State Aided Rural Library shall maintain a stock account of books, periodicals, furniture and other equipment in proper and approved forms supported by original vouchers in respect of all purchases. It shall also maintain in proper and approved forms an Accession Register and Issue Book, a Suggestion Register, a Visitors' Register, "To" and "From" Registers, etc., (printed Kannada Registers are desirable).

(9) Every literate resident of the village shall have free access to the Library.

(10) Books may be lent for home reading to those who register their names offering a deposit of Re. 1 which will be returned when they cease to borrow books.

(11) Every State Aided Rural Library shall take a stock of its property once a year in the last week of June and shall submit an annual return to the Local Controlling Authority concerned, in the annexed form not later than 30th July of each year on the working of the Library during the preceding "Library Year."

(12) No maintenance grant shall be given to any Rural Library until it has been in existence for at least three months. An inspection of the Library will be arranged for, by the Local Controlling Authority or the Inspector-General of Education as soon as possible, after the receipt of the application for the grant, with intimation of the date of opening of the Library and the maintenance grant that may be sanctioned will, in desirable cases, be given retrospectively from the date of opening the Library.

(13) As regards the award of new grants, preference will be given during the current year to the maintenance of existing Libraries that are working satisfactorily, to the starting of new Libraries.

(14) Whenever School Libraries can be thrown open to the public *out of school hours*, suitable grants shall be given to such Libraries, for providing them with books suited to the public, and the throwing open of the Local School Library, thus replenished, for the use of the public, shall ordinarily be preferred, to organising new Public Libraries in villages.

No. 6482-3—Edn. 220-19-9, dated 15th January 1921.

(15) Irrespective of the powers of sanctioning grants vested in the Deputy Commissioners and Presidents of the District Boards, a report of every grant paid, shall be sent immediately to the Inspector-General of Education, for information and entry in the registers maintained in his office.

(16) Government grant of any kind or amount or for any purpose, out of funds set apart for Rural Libraries, shall be given only to "Free Public Libraries" as defined in these Rules and any grant that a Library is in receipt of shall cease to be paid, immediately the Library ceases to be a "Free Public Library" or contravenes any of the other conditions of working as laid down herein.

(17) The continuance of maintenance grants depends upon the satisfactory working of the Libraries, as gauged by the Inspection Reports of the Inspecting Officers of the Department of Education or other officers who may be specially deputed for the purpose by the Inspector-General of Education.

(18) Notice of an intended withdrawal of Government grant shall be served by the Local Controlling Authority or the Inspector-General of Education on the Managing Committee of the Library concerned, and the grant shall cease to be paid, if the Committee offers no satisfactory explanation within a month from the date of the receipt of the said notice.

(19) No building grants shall be allowed to Rural Libraries without the orders of the Inspector-General of Education.

Representation dated the 29th August 1920, from Mr. C. Krishnaswami Rao Sahib Loan Foreign Scholar, praying that his scholarship may be fixed at 1,250 dollars per annum.

2. Letter No. 2414-C 269-2, dated 28th September 1920, from the Director of Agriculture in Mysore, stating that Mr. M. K. Venkata Rao, foreign scholar, studying in California has represented that the amount of scholarship is inadequate owing to the increased cost of living in America and recommending that his scholarship be enhanced by £ 75 a year for the second two years of his stay abroad.

Order No. 6340-99—Edn. 60-20-78, dated 14th January 1921.

With a view to avoid hardships that may be caused to foreign scholars in America owing to fluctuations in rate of exchange, Government consider that the amount of scholarship tenable in America should be fixed in dollars and are accordingly pleased to direct that the scholarships in America be fixed at 1,250 dollars per annum.

In this connection, Government are also pleased to direct the loan granted to foreign scholars should be treated as sterling or dollar debt as the case may be and repaid as such and repayments made in rupees should be converted into sterling or dollar payment according to the rate of exchange prevalent at the time of such repayment.

READ

1. Government Order No. R. 1261-73—Agri. 133-12-2, dated 9th August 1913, sanctioning the continuance of the Implement Depot for a further period of ten years.

2. Government Order No. 1408-13—C. B. 163-18-29, dated 3rd April 1920, sanctioning the appointment of Mr. W. Davison, B. S. A., as Live-stock Expert in the State for a period of five years with effect from 22nd January 1920.

3. Government Order No. 1282-3—A. & E. 50-19-36, dated 4th August 1920, sanctioning the continuance of the temporary establishment of the Agricultural Department till the end of December 1920.

4. Government Order No 2455-6—A. & E. 235-19-6, dated 6th September 1920, sanctioning certain proposals of the Director of Agriculture for the further extension and equipment of the Pot culture House and sanctioning a temporary establishment for a period of two years.

5. Correspondence ending with letter No. 2—12, dated 1st July 1920, from the Director of Agriculture in Mysore, submitting proposals for the revision of the subordinate staff of the Agricultural Department, including the Live-stock Section, at an additional expenditure of Rs. 33,933.

Order No. 6065-6—A. & E. 50-19, dated 5th January 1921.

The proposals of the Director of Agriculture include a readjustment of establishment out of sanctioned grants for the department and also a revision of staff with a view to meet the requirements of the department owing to the fact that a Live-stock Expert has been appointed and the control of the Civil Veterinary and the Sericultural Departments has also been vested in the Director of Agriculture.

2. Government realise that, having regard to the expanded nature of the work of the Agricultural Department, a strengthening of the subordinate staff is urgently required.

3. Government are therefore pleased to accord their sanction to the Director's proposals as modified in the appended statement.

4. The proposals as now sanctioned by Government involve an expenditure of Rs. 29,693 per annum, both on a revision of the temporary establishment already sanctioned by Government for special purposes, and also on the augmentation of the permanent subordinate staff of the department. The cost of the revision of the temporary establishment which amounts to Rs. 12,976 will be met out of the savings proposed to be effected in the sanctioned items of the current year's budget under the heads indicated below and the remaining Rs. 16,719 out of the provision of Rs. 17,258 in the current year's budget for revision of establishment of the department.

5. Separate proposals may be submitted by the Director regarding the special establishments at the expiry of each period of sanction.

Rolling Stock required for Forest Tramways.

No. 6540-5—I. & C. 32-2-41, DATED 18TH JANUARY 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Letter No. 599-600, dated the 17th September 1919, from the Special Officer, Mysore Iron Works, forwarding a copy of a cablegram sent by the Tata Iron and Steel Company, Limited, Bombay, to Mr. C. P. Perin, at New York, directing the purchase of railway materials and equipment required for 50 miles of Forest Tramways in connection with the Iron Works.

2 Also Government Order No. 6301-3—I. & C. 178-19-21, dated the 15th January 1920, approving of the rates, etc., at which orders had been placed in New York for the Railway materials referred to above.

3. Correspondence ending with letter No. 8405, dated the 7th January 1921, from the Agent, Mysore Railways, forwarding a copy of a letter from Mr. Marshall as well as a revised draft of the proceedings of the Conference that took place at Bangalore in connection with the railway equipment required for the Forest Tramways and requesting early orders in the matter.

Order No. 6540-5—I. & C. 32-20-41, dated 18th January 1921.

The question as to what equipment is required for the tramlines sanctioned in connection with the Iron Works, has been discussed with all the officers concerned at Bhadravati, Mysore and Bangalore, and Government are pleased to direct that the total rolling stock required, for the present, be fixed as follows:—

(*a*) Nine locomotives in all, 5 being of 5 ton axle load as already received and 4 to be of 6 ton axle load, to be immediately arranged for, quotations for these four being secured immediately both from America and England and submitting the same to Government for deciding placing of final order.

(*b*) One hundred and ten trucks, as already, ordered 40 ore trucks, as per type drawing 'A', 10 fuel trucks as per type drawing 'B' with only 3 feet sides and 60 timber trucks as per type drawing (c).

(*c*) Five under frames for passenger coaches as already ordered.

(*d*) Twenty-five fully vacum braked ore waggons with hopper bottoms to be ordered on acceptance of design.

Order No. 6027-8—E. C. 100-19-13, dated 5th January 1921.

Owing to the increasing importance of housing the poor in urban and rural areas, Government recognise that a certain measure of State-aid is necessary to relieve congestion and to encourage the building of sanitary dwellings.

Wherever individual Co-operative Societies either rural or urban are formed for house-building purposes, Government will be prepared to render financial assistance to such institutions as far as possible provided they have sufficient financial stability and are likely to benefit a large number of people.

The Registrar is requested to form ilate detailed proposals for giving effect to the intentions of Government and submit the same for sanction.

Separate orders will issue as regards the amount to be allotted for the purpose during the current year and the provision to be made in the budgets of the future years.

Government Order No. 1444-90—A. & I. 80-14-1, dated 24th November 1914, sanctioning the publication of the Mysore Economic Journal with effect from 1st January 1915.

2. Government Order No. 11856-7—E. C. 23-17-22, dated the 7th June 1918, directing that the publication of the English and Kannada Edition of the Mysore Economic Journal be continued for a period of three years from 1st January 1918.

3. Government Order No. 1691-755—E. C. 37-20-1, dated the 14th August 1920, transferring to private enterprise, subject to certain conditions, the editing and publishing of the Kannada Edition of the Journal.

Order No. 6730-90—E. C. 89-20-3, dated 25th January 1921

The Mysore Economic Journal was started in the year 1915 with the main object of spreading sound ideas systematically co-ordinating various economic activities and maintaining a continuous record of work done by the several agencies connected with the Economic Conference. From time to time attempts have been made to improve the quality of the Journal and it has in a large measure achieved the object with which it was started. The Journal has a fairly large circulation both within and outside the State as also in foreign countries. The editing and publishing of its Kannada Edition was transferred to private enterprise on certain conditions on 1st September 1920.

2. Government have had under contemplation the transfer of the English Edition of the Journal also to private enterprise. Mr. C. Hayavadana Rao, who has since the commencement been the Editor, having expressed his willingness to continue to conduct the Journal as a private venture of his own, Government are pleased to transfer the Journal to him. The transfer will have effect from 1st March 1921.

3. In sanctioning the transfer of the Journal as above to Mr. C. Hayavadana Rao, Government desire that the Journal should be conducted as far as possible on the present lines, special preference being given to Mysore Economic affairs and that all literary matter relating to the Mysore Economic Development Board should be published free. In other respects the transfer will be absolute, Mr. Hayavadana Rao being free to conduct the Journal on independent lines. He may according to requirements raise or reduce the rates of subscription and advertisement.

4. During three years from the date of the transfer of the Journal, Government will, as a mark of patronage, subscribe for 350 copies of the Journal at Rs. 5 per copy per year. As far as possible all Government advertisements will be sent for publication in the Journal during the said period but no guarantee will be given of the minimum space to be so taken up.

5. Mr. Hayavadana Rao will also be supplied free of cost with all routine appurtenances of an Editorial office, requisite furniture and books of reference.

6. Heads of Departments concerned with the material and moral improvement of the people and the Secretaries of the Central Boards of the Economic Development Board are requested to afford Mr. C. Hayavadana Rao every facility to obtain information on economic subjects and issue instructions to their subordinate officers to contribute to the Journal and use it as hitherto as a medium for disseminating useful information.

7. Government take this opportunity of expressing their appreciation of the work done by Mr. Hayavadana Rao in starting and conducting the two Journals.

Arrangements in connection with the Mysore Iron Works.

No. 6102-9—I. S. 24-20-1, DATED 7TH JANUARY 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Government Order No. 10701-12—I. & C. 124-17-2, dated the 1st May 1918, passing orders regarding the arrangements connected with the Mysore Iron Scheme.

Order No. 6102-9—I. S 24-20-1, dated 7th January 1921.

As the construction operations connected with the Iron Works at Bhadravati have to be proceeded with expeditiously and arrangements made to start the manufacture of iron as early as possible, Government are pleased to direct that the procedure laid down in the order read above for carrying on the work of the different sections of the scheme be revised as indicated below.

2. Under the existing arrangements, the Forest Department is responsible for the fuel supply operations, Dr. Smeeth for the supply of ore and flux and the Railway Department, for the construction of tramlines required for the transport of these materials to the works site.

3. A Special Officer was appointed and stationed at Bhadravati with a view to co-ordinating the work of the several agencies referred to above and to assist the Company's officers in making local arrangements connected with the works. But this arrangement has not worked satisfactorily since it was obviously impossible for the Special Officer to exercise any effective control over the work of the other departments. Moreover, the decision of Government was called for on almost all the points raised by the Managing Agents.

4. As it would not be possible to make any one subordinate officer responsible for all the operations and to co-ordinate the work of the various departments, Government direct that in future the work of such co-ordination be done under the orders of the Member of Government in charge of the Iron Scheme.

5. The monthly meetings of the Iron Scheme Committee will, in future, be replaced by meetings under the presidency of the Member-in-charge.

6. These meetings will be held ordinarily once every month at Bangalore. The progress made by the several agencies will be reviewed at such meetings and questions concerning more than one department of Government considered and settled. The senior of the Company's officers at Bhadravati may also be invited to be present at these meetings whenever necessary, so that the progress of work entrusted to the Managing Agents may also be reviewed and the work of the Government Departments suitably correlated.

7. With the modifications indicated above, the only other work that can be entrusted to the Special Officer will be that of the town construction. This work was at Mr. Perin's instance originally entrusted to the Managing Agents, but they have since requested that it may be taken over by Government. As the lay-out of the town has been approved by Government and it is considered not necessary to have an officer of a Superintending Engineer's grade to carry on the work, Government have since passed orders abolishing the office of the Special Officer and appointing Mr. Y. Aswathanarayana Rao as Executive Engineer for the town construction work.

8. The Executive Engineer will, in adition to the work of town construction, be also responsible for supplying the funds required by the local officers of the Company from time to time for construction operations and furnish separate accounts for such expenditure to the Comptroller as directed in paragraph 7 (viii) of Government Order No. 12260-7—I. & C. 294-18-2, dated the 24th June 1919. He will also assist the Company's officers in the several ways in which the Special Officer is now helping them.

No. 6102-9—I. S. 24-20-1, DATED 7TH JANUARY 1921.

9. Government have also passed orders appointing the Chief Engineer and the Financial Secretary as Members of the Board of Management constituted under the Agreement with the Managing Agents. The question of further reconstituting the Board after operations actually commenced is reserved for separate consideration.

10. In the absence of any representative at Bombay, the Government have now no means of being in touch with the work done there. The Agreement with the Company provides for the appointment of a Secretary to the Board of Management, but until the work developed sufficiently it was considered not necessary to appoint a Secretary. Government now consider that the time has arrived for the appointment of a Secretary. They have accordingly passed orders appointing Mr. N. Madhava Rao, B.A. B.L., as Secretary to the Board of Management. Mr. Madhava Rao will be responsible to look after the interests of Government at Bombay and keep himself in touch with the operations at Bhadravati by occasional visits to that place. He should also investigate and bring to disposal all subsidiary questions connected with the Wood-distillation Scheme such as the disposal of by-products, etc He is requested to study the details of the whole scheme and the Agreement with the Managing Agents and submit a report as to the procedure to be adopted for the conduct of routine business, meetings of the Board of Management and other matters in regard to which there are at present no standing instructions. He will also go into the question of accounts procedure and submit proposals for his office staff and records after consulting the Agents in Bombay who are now managing the work through their own agency.

11. Separate orders will issue regarding the other questions connected with the scheme, such as, (i) the scale for the Company's Establishment at Bhadravati, (ii) powers of the several sanctioning authorities and (iii) the position and duties of the Accountant, etc.

Para 8 of Government Order No. 6102-9—I. S. 24-20-1, dated the 7th January 1921, regarding supply of funds required by the Officers of the Tata Iron and Steel Company for the Mysore Iron Works.

Order No. 6952-6—I. S. 24-20-5, dated 28th January 1921.

The appointment of Special Officer, Mysore Iron Works, having been abolished, the Secretary to the Board of Management will at an early opportunity take charge of the records of the Special Officer, other than those relating to town construction. The Executive Engineer in charge of Town Construction will prepare a list of such records and forward the list to the Secretary.

2. In the order read above, the Executive Engineer was asked to draw funds from the treasury on the requisition of the Company's officers and hand over the same to them. But as this procedure may involve delay Government direct that the following arrangements be adopted hereafter:—

(i) It will be suggested to the Board of Management that they should once a quarter get an estimate of the expenditure likely to be incurred at Bhadravati, sanction it after scrutiny and authorise the General and Construction Superintendent by monthly letters of credit, through the Comptroller to draw upon the imprest placed by Government in the Tarikere Taluk Treasury. The bills presented at the Treasury will bear the countersignature of the accountant in token of their correctness. The Comptroller is requested to issue needful instructions in the matter.

3. The Executive Engineer will not hereafter draw money from the Treasury for the Company's portion of the operations and he need not also countersign the muster rolls, bills, etc. The accounts of the Company which have hitherto been forwarded through the Special Officer, will in future be sent direct to the Comptroller, a copy of the same being at the same time sent to the Secretary to the Board of Management.

4. So far as expenditure in connection with the Town Construction work is concerned, the Executive Engineer will draw funds in consultation with the Comptroller as required from time to time, and render monthly accounts to the Comptroller and Secretary to the Board.

Correspondence ending with letter No. 525 of 18-19, dated 14th October 1920, from the Deputy Commissioner, Mysore District, regarding the nomination of a Guru in succession to the deceased Swami of the Sri Balakrishnanda Matt at Talkad, T.-Narsipur Taluk.

Order No. 2565—Muz. 545-18-33, dated 24th January 1921.

The Matt is a Muzrai Institution endowed with Inam lands in the T.-Narsipur Taluk and it also owns an Inam land in the adjoining British Taluk of Kollegal. The Deputy Commissioner reports that the Matt derives a net income of Rs. 4-11-5, in cash and 235 candies of paddy from the Mysore endowments and Rs. 107-1-4, from the lands in the Madras Presidency.

2. The Swami of the Matt died of plague on 27th February 1919, and his Agent also caught the infection and died on 3rd March following. The properties of the Matt were then taken under the custody of the local officers and the Matt's affairs have been under the management of the local officers since then.

3. It is now reported that the disciples of the Matt have selected one Srikantiah, son of Ganganna of Yeliyur (Kunigal Taluk) for induction into Asrama to preside over the Matt and that the widowed mother and brothers of the boy, who is aged 10, are in favour of the induction. The Sub-Division Officer reports that he saw the boy and found him fairly intelligent.

4. The Deputy Commissioner recommends the selection for the approval of Government and he further proposes that the affairs of the Matt may be taken over under Government management and arrangements made for the boy's education and training.

5. Under the circumstances reported, Government are pleased to approve of the nomination of Srikantiah to the Headship of the Matt.

6. But the Deputy Commissioner's recommendation to take over the management of the Matt does not however commend itself to Government; it is a course which should not be had recourse to except in the few rare cases where the intervention of Government may be rendered necessary as an extreme measure. The management of the affairs of the Matt will, therefore, be handed over to the disciples of the Matt, who may be asked to make their own arrangements looking to the Government Officers for such help and co-operation as may be found necessary in the *bona fide* interests of the Institution.

Correspondence ending with letter No. 229 of 20-21, dated 18th November 1920, from the Deputy Commissioner, Mysore District, stating that the Government Chattrams at Yelwal and Varuna in the Mysore Taluk, may be abolished, as they are not serving any useful purpose, being rarely resorted to by *bona fide* travellers.

Order No. 2413-6—Muz. 139-20-6, dated 11-12th January 1921.

It has been more than once brought to the notice of Government that the Chattrams in question have not been serving any useful purpose, being very close to Mysore City, and the Deputy Commissioner, Mysore District, now states that they may be abolished.

2. The Chattram at Yelwal is endowed with a Tasdik of Rs. 86 a month and that at Varuna with Rs. 102-1-0, a month. It is reported that a sum of Rs. 5-12-0, from each of the Chattrams goes towards the pay of the Muzrai Clerk of the Mysore Taluk Office ; and there are also some Nehimi amounts paid out of the Chattram Funds.

3. As the Chattrams are reported to be no longer of any use to *bona fide* travellers, Government direct that they be abolished and their Tasdik allowances transferred to the State Charities at Tirupati, where the present allotment is found to be totally inadequate.

4. In transferring the allowances to the Tirupati Charities, due provision will be made for the continuance of the Nehimi payments already in force ; and the debits towards the pay of the Mysore Taluk Office Muzrai Clerk will be transferred to the Muzrai Establishment Fund.

PUBLIC WORKS DEPARTMENT

Order No. P. W. 1131-94—M. 6416-79, dated 24th January 1921.

The Bethamangala Water-Supply Scheme has been working at a loss during the last few years, chiefly owing to the high price paid for materials since the days of the great war.

2. In order to make the project pay at least the bare interest return on the investment, Messrs. John Taylor & Sons' Committee have been requested to agree to fresh terms as regards the rate to be paid for the water consumed by the Mining Companies. The matter is under correspondence.

3. With a view to work the project on a commercial basis, the Government of His Highness the Maharaja are pleased to direct as follows:—

(1) For the water supplied to Robertsonpet Town, the Kolar Gold Fields Sanitary Board now pay only the actual out-of-pocket expenses of Government, as ordered in G. O. No. 8979-81—L. B. 87-08-10, dated 16th March 1909. The Board should, in future, pay at 9½ annas per 1,000 gallons until further orders.

(2) A free allowance of 120 gallons per rupee of rental value is now allowed to Government Residential Buildings, *vide* P. W. No. 156-8—1004-6, dated 25th January 1917. An allowance of 30,000 gallons is also allowed to the Geological buildings. There are water taps in the compounds of Public Offices and Institutions. Water is suppplied to the circuit House at Rebertsonpet direct from the main, though not from the Town Supply Tank. The free allowance in all these cases should be stopped altogether and the tenants or the Government Departments concerned, as the case may be, should be made to pay for all the water consumed at 15 annas per 1,000 gallons. If the Government Officers occupying the buildings require relief, the respective Government Departments should bear the charges to the extent of the free allowance calculated at 120 gallons per rupee of rental value, the tenants paying only for the excess consumption.

4. Water will, however, be supplied free to three Public fountains in Champion Reefs which may be allowed to run only during certain periods of the year.

5. This order will have effect from the 1st January 1921.
